Interiors present a graceful fusion of West Indies colonial architecture and contemporary chic sensibilities, with arched French doors, pale coral stone and crisp white walls. The great room is bathed in sea breezes and natural light, where sculptural curved armchairs and plush sofas punctuated by vibrant cushions face the ocean. A formal dining room framed by arched windows sets the scene for elegant soirées, while the kitchen dazzles with a dramatic veined marble island and a wine fridge. Eight bedrooms accommodate up to 16 adults and four children in utmost comfort and discretion, one suite featuring a striking ebony four-poster bed and a private balcony. A whimsical bunk room delights younger guests, while bathrooms showcase freestanding soaking tubs and glass-enclosed showers. A sunlit gym, a media room, multiple family lounges, table tennis and wine storage complete the roster of amenities.

Sea Breeze Estate comes to its fullest expression outdoors, where a sweeping heated infinity pool with a sun shelf and hot tub meanders toward the beach. Tennis, pickleball, bocce and beach volleyball courts, a half basketball court and a playground promise endless recreation, while bicycles invite leisurely island rides. Al fresco dinners fired by a pizza oven and BBQ give way to evenings around the fire pit on this green-energy estate.

FEATURES
